

Queen Bee School Libraries get eGrant from the QBEF

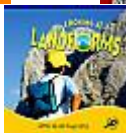

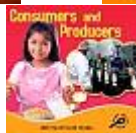

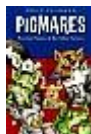

The QBEF generously gave the district LMCs \$3000 to purchase electronic materials this year.

The World Book Online collection includes World Book Kids, World Book Student, and the Enciclopedia Estudiantil Hellazgos. It's your old friend the World Book with much much more!

Each building also received money to begin or bulk up eBook collections. These eBooks are available online across platforms – that means students can access them in the building on PCs, Macs, and iPads, as well as at home, at the public library, or anywhere they have internet access.

Each building focused purchasing on a different area: Glen Hill selected math materials, Pheasant Ridge social studies materials, Americana language arts materials, and Glenside popular reading materials. Selecting in specialized areas and grade levels will help the LMC determine what kinds of materials, publishers, and topics are most useful as eBooks for our students and instructors.

Check these titles and more soon on the District Library Catalogs, <http://lmc.queenbee16.org>
